

THE WORK THAT LIES NEAREST

Hello Friends and Family!

I pray you all are of a good courage and trusting in the Lord. Amidst these times of uncertainty, it is giving all of us a chance to learn how to follow God's leading moment by moment.

Case in point... a few weeks ago I got a call from my family saying that our help was needed within a few days to take care of my grandparents who are in their 80's. My grandfather had a stroke recently and in the last few months my grandmother has quickly slipped into dementia. This concerning situation necessitates someone to be there all the time and take them to doctors appointments and whatever else may be needed.

At that very time, we were planning to go to the ASI (*Adventist-Laymen's Services & Industries*) convention in Orlando, Florida. But what kind of missionaries would we

in their zeal for God forget about their children and closest family members. I pray that we can maintain a balance of mission between family and others.

Another concern as Christians is that we can get an idea of what ministry looks like or what type of ministry we think we're called to and miss other opportunities right under our noses that are screaming for our attention. Let's all try to be in step with the Spirit and let God show us what work He would have us to do, moment by moment.

Please pray for us as we seek funding to return to Nicaragua to continue the mission of the AWA project there. We desire to help the Nicaraguan people physically, as well as, and most importantly, spiritually. The local folks there have been taking care of the base faithfully and patiently. Please pray for us and the folks there that God will bless our efforts to move the work forward. It is only with His blessing that things can move forward in a meaningful way.

We love to hear from you and if you know of someone who might be interested in joining as a support team member, please let us know. We're only a call or email away: 606-359-2887 or josh@flyawa.org.

be if we neglected our own family? We are told in Genesis to honor our father and mother, and since my childhood my grandparents have been like a second set of parents to me. They helped my mother raise my sister and I. Since the passing of my mother and father, they are all I have left. So, with this in mind, we canceled our ASI trip. We packed up and headed down to Tennessee where my grandparents live.

Sometimes, as Christians, we can miss the mission field closest to us. Oftentimes pastors and missionaries,

Thank you for your support and prayers!

God bless each one of you!

Josh, Yosiday, Caleb and Isaac Fix

PROJECT NEEDS: Please consider becoming a monthly supporter so the work that we're doing in preparation to be full time mission workers here will be fruitful. We are ready to fly medivac flights again and serve the people and share Jesus with them.

PRAYER REQUEST: Pray for us that we can resume the flight program in Nicaragua and save people's lives through the tool of aviation.
