

A High Day for Pathfinders, by Christine

February 2020 was a high day for many Pathfinder groups in the island province of Palawan when AWA conducted the Pathfinder Honor class using its own N81708 aircraft as prop.

The Aviation Honor patches were finally awarded last March 18, 2022, during the Master Guide Induction Ceremony at Adventist Hospital Palawan Church. Though it took more than two years before being awarded, the timing was perfect. Thirty-seven new trainees and many more witnessed the award presentation and are now looking forward to joining the honor class when offered. In fact, I have received requests from many other pathfinder clubs that also want to participate in the aviation honor class. Programs such as these afford us the opportunity to share with them not only knowledge about airplanes but more so, the importance of using aviation as a tool in reaching souls for the ultimate Master Guide, Jesus.

A special thank you to Mr. Gilbert Mercado who donated all 53 Pathfinder Aviation Honor patches. It was a high day indeed when all 53 Pathfinders received them. To God be the glory!

Old Faithful, by Edgar

The Sagpangan youth were excited and highly anticipated the Global Youth Day. However, before the day approached, we gathered used clothes then washed them so that when the recipients receive them, the clothes are clean and fresh. Sabbath came and our youth were bright and early ready at 7 am. We reached the church where we combined with other youth from different churches in our district in distributing the used clothes, as well as the pamphlets. We packed the AWA truck with the goods and young people sardined in.

The road going to the seaside houses where we distributed our gifts of used clothes is so rough; it was uneven, going up and down the hill with lots of potholes. We were moving so slow because of the heavy load. I prayed that the Lord would hold our load and keep the old truck going until we reach our destination and heading back to church safely. The Lord indeed kept the truck going until we reached our destination and got back to the church. We had our worship until sundown, drove back and got home safe. Praise the Lord for the answered prayers!

Thank you for supporting the AWA Philippine project specially the truck maintenance and the fuel. This old faithful truck has many answered prayers adventures. God's blessings truly abound.

everyone, young or old. Many were happy to receive the materials, and some even wanted us to teach them the songs we sang!

It is such a joy to inspire others to want to know more about Jesus whether in song or in a story. It only takes a spark for hearts to be opened. Many have told us that they are willing to join us and attend church. We feel blessed when we join the Lord in bringing comfort and hope to those who sincerely seek salvation by knowing Him, Jesus, our Savior, and King.

It Only Takes A Spark, by Betchie

Many thanks to a wonderful family in Redding, California who donated boxes of children's division Sabbath School lesson materials. They are being used as a great witness to our surrounding neighbors.

One Sabbath morning we handed out the lesson materials to the Napsan Church young people to encourage them to be more steadfast in their faith and trust in the Lord by reading Christian literature. I then read one of the stories and noticed the children's fun, excitement, and desire to learn as they listened to the story and glanced at the colorful pictures.

Later that afternoon for our youth program, we visited a sitio in the barangay to hand out the Sabbath School materials to

Prayer Request and Project Need

Willing hearts to serve as missionaries with AWA in the beautiful island of Palawan ministering to the beautiful people of the Philippines.

God bless you!
