

## PATHFINDER'S CLUB

BY PASTOR LEO

The Pathfinder's Club has been a powerful instrument of service and compassion in the Community of Mabaruma. Through simple yet meaningful acts of kindness, our young people have been reaching out to families, offering support, encouragement, and practical help where it is most needed. Their presence has not only strengthened

community bonds but also tangibly reflected Christ's love.

Among those deeply impacted by this ministry is Brother Stoll, the region's longest-standing Adventist member. His life is a testimony of faith and perseverance. However, due to physical limitations, he now depends on crutches to move

around. The uneven ground surrounding his home has become a daily challenge and a serious safety concern, increasing the risk of falls and injuries.

Recognizing this urgent need, the Pathfinder Club has stepped in with a heartfelt initiative: to level the ground and construct a safe cement pathway that will allow Brother Stoll to walk securely and with dignity. This project is more than a construction effort—it is an expression of care, respect, and gratitude for a man who has faithfully served God for many years.

The total cost for labor and construction materials has been estimated at \$3,350 USD. We are reaching out for support to make this project a reality. Your contribution, no matter the size, will directly impact Brother Stoll's safety and quality of life, while also encouraging the continued mission of our Pathfinders Club in Mabaruma.

Together, we can turn compassion into action and make a lasting difference.

Thank you for your prayers, generosity, and partnership in this mission.

With gratitude and hope,

Pastor Leo,

Missionary in Guyana

### GUYANA PROJECT NEEDS:

- To buy a truck - \$40,000 to serve the community.
- To fix the boat - \$8,000 to reach riverside families.
