Seeds of Hope Among the Miskito *Thousands of Bibles. Countless Lives Forever Changed.*

BY AUDICIO JIMENEZ

There are moments in ministry when words seem inadequate to describe what God is doing. This is one of those moments.

Over the past months, thousands of Bibles have found their way into the hands of Miskito families living in Nicaragua. What began as a simple desire to place God's Word into homes has become a movement of hope, faith, and transformation that continues to spread from village to village.

For many of the people receiving these Bibles, it is the very first time they have ever owned a copy of the Scriptures. Some carefully hold the Bible against

their chest before opening its pages. Others gather their children and neighbors together to read aloud by the light of a lantern. In communities where material possessions are few, the Word of God has become the greatest treasure they own.

As these Bibles are opened, hearts are being opened as well.

We have watched people discover, many for the first time, the incredible love of Jesus Christ. We have seen families praying together, neighbors inviting one another to study the Scriptures, and entire communities

CALL 1.919.938.2920 | FLYAWA.ORG | August 2026

asking questions about the God who never abandons His children.

Only Heaven will reveal the full impact of what has begun.

Already, dozens of men, women, and young people have publicly accepted the transforming power of Christ and committed their lives to following Him. Many more continue to study God's Word faithfully each week. The seeds have been planted, and God is giving the increase. What makes this ministry especially beautiful is that it has been made possible through ordinary people with extraordinary generosity.

Every Bible distributed has been sponsored by someone who believed that everyone deserves the opportunity to know Jesus. Through the partnership with the **Nicaragua Bible Society**, each Bible costs just **\$6**—a remarkably small investment with eternal significance.

To those faithful donors who chose to give, thank you.

Your generosity has done far more than purchase paper and ink. You have placed hope into weary hands. You have answered prayers you may never have heard. You have given children the opportunity to learn about Jesus, strengthened believers in isolated communities, and introduced countless people to the Savior for the very first time.

The value of your gift cannot be measured in dollars.

It is measured in changed lives.

It is measured in restored families.

It is measured in tears of joy as someone reads God's promises in their own language.

Most importantly, it is measured in eternity.

The work among the Miskito people is far from finished. Every week, there are new requests for Bibles from villages that have not yet received them. Every week, there are new opportunities to introduce someone to the life-changing message of the Gospel. The hunger for God's Word continues to grow, and so does our commitment to sharing it.

At Adventist World Aviation, our mission is to bring hope to the world's forgotten places. While aviation often enables us to reach remote communities around the globe, our mission is ultimately about people—connecting them with the everlasting hope found in

Jesus Christ. This Bible distribution in Nicaragua is a beautiful reminder that God's work advances through faithful partnerships, compassionate hearts, and the willingness of His people to share His Word.

Thank you for standing with this ministry. Thank you for praying. Thank you for giving. Thank you for believing that every person deserves the opportunity to hold God's Word in their hands. Together, we are witnessing lives transformed—not by human effort, but by the living power of the Scriptures.

“So shall My word be that goes forth from My mouth; it shall not return to Me void, but it shall accomplish what I please, and it shall prosper in the thing for which I sent it.” — Isaiah 55:11
